

Statement from ACA House of Bishops

October 20, 2009

The House of Bishops of the Anglican Church in America joins our Primate, Archbishop John Hepworth, in welcoming with deep joy the announcement of the preparation of an Apostolic Constitution to provide for full, visible communion between orthodox Anglicans and the Holy See. The House of Bishops wishes to express its appreciation to The Congregation for the Doctrine of the Faith for its painstaking work with respect to appropriate ecclesial structures to enable this historic step towards unity in Christ in accordance with Our Lord's high priestly prayer. We pledge our most serious, prayerful reflection upon the Constitution when promulgated, as well as our wholehearted cooperation and fervent prayers in working to bring about this landmark and long-desired outcome.
